

**MAINE B.A.S.S.
FEDERATION NATION**

The Maine B.A.S.S. Federation Nation presents:

“The Professor” – Sonar and GPS Wilson Frazier

Wilson Frazier has worked in the professional fishing industry for four decades, and since 1978, he has been a member of the Lowrance pro staff. As part of his duties, he schooled BASS, FLW and other top pro anglers in the use of their electronics.

Affectionately called “The Professor” by many in the professional fishing industry, Frazier can help every angler - from the seasoned veteran to the novice – gain a better understanding of how to truly utilize electronics accessories to catch more fish.

Electronics have changed the way we fish. With advancements in sonar and GPS equipment, we now have more useful information at our fingertips than ever before. It’s too bad we do not always know what buttons to push. Sonar and GPS units are extremely useful tools for today’s anglers. But unfortunately, most of us barely scratch the surface of their potential.

That’s where Wilson Frazier’s knowledge and expertise can help. Frazier is available for seminars, demonstrations and special media sessions, where he will share his vast expertise and years of experience. Although you may think you’re proficient in the use of today’s electronic, Frazier can unlock the bigger picture of how to skillfully use the electronics to get that extra advantage.

If the most successful pros on the professional bass fishing tours trust Wilson Frazier, shouldn’t you?

Target audiences are Bass, Trout & Salmon and Salt Water Anglers as well as the General Boating Public.

This one day, three hour seminar will be held at the Augusta VA Center, at Togus, in the Theatre Building 210, 1st floor auditorium. The VA Center is located off Route 17 in Togus, ME. The seminar will be held on March 10, 2012 from Noon to 3PM with a question and answer session to follow. No refreshments will be served, please feel free to bring a bag lunch and beverage (Togus is a drug & alcohol free facility), so keep it family friendly. There is no smoking within the facility however there is smoking areas designated in the vicinity outside the building.

I will be registering the following persons for this seminar; Registration price is \$35.00 per person payable in advance and has been forwarded with this registration. I understand that all seating will be on a first come first served basis with preregistration required.
